

We hope you are keeping well, safe and healthy. We'd like to share with you the most up-to-date information on our response to the epidemic situation.

**For your students currently on exchange at SJTU:**

From the beginning of March, all the students were required to take online courses. The courses will be offered until the campus opens, the date of which is still under discussion. We will let you know when getting the official decision.

Ministry of Foreign Affairs of PRC has decided to temporarily suspend the entry into China by foreign nationals holding visas or residence permits. The suspension is a temporary measure and we kindly ask your students to stay at home and avoid any international travel.

**Nominations and application for AY 2020-2021:**

Taking into consideration the deadlines to obtain the admission and immigration documents required to study in China, we kindly ask your students to submit the application before April 15th. If the deadline needs to be extended, please let us know in advance.

Those who defer their exchange to the Fall Semester need to be renominated and go through the admission process from the beginning.
